## STANDARDS

### Calibrate your instruments with confidence with High Purity Standards.

Rowe Scientific supplies a comprehensive range of single and multi element standards from HPS.

To compliment the range of AAS, ICP, ICP-MS, and IC standards, Rowe Scientific welcomes enquiries for multi-element special mixtures in a variety of matrices, designed to meet your specific needs.

Special Mixtures are prepared and checked with standards that are directly traceable to NIST and typically have a guaranteed accuracy of  $\pm 0.5\%$ .

Manufactured to three separate standards

ISO 9001:2008  
ISO/IEC 17025:2005  
ISO Guide 34:2009

### Why choose High Purity Standards?

- Comprehensive product testing
- Batch homogeneity testing—for each lot
- Long-term and short-term stability testing
- Custom organic and inorganic blends
- Single, multiple and custom elements.
